SUMMARY

.Net developer, student with 1,5 years non-commercial experience. I am very communicative and great team player. I am fond of algorithmic programming. Looking for a full time job with .Net/.Net Core platform for back-end or mobile development.

SKILLS AND EXPERIENCE

Figma	2 month
Android	3 month
Trello	3 years
Git	1 years

EDUCATION

3rd year Bachelor's degree Lviv Polytechnic National University, Computer science, artificial intelligence, 2022
https://autocode.lab.epam.com/student/group/319

CERTIFICATES

Coursera Certificates SQL for Data Science, 2021
Prometheus Certificate CS50, 2019

PROJECT EXPERIENCE

I have experience in familiar languages such as java for mobile application and python for back-end. Now I understand the principles of their work and want to learn these skills on the .Net platform.
